To Whom It May Concern:

Please accept this recommendation on behalf of Michael Haley. Michael (or "Mick") worked with the women's basketball program at Michigan State University for 4 years and I can unequivocally say he would be an asset to any organization.

Mick has made immediate and long term impacts on our program. His contributions to our Scout Team, his organization and dedication as our Scout Team Captain and his positive attitude and work ethic have made Mick an integral part of our success. Mick has been able to carry a full class and practice schedule while maintaining a 3.55 GPA throughout his college career. He also was able to make contributions around campus and that will impact his community long after he departs. His work with the ELC (English Learning Center) as well as *The Beardsman of MSU* and has given him excellent career specific responsibilities early in his life. His ability to set goals, his enthusiasm for life and natural leadership skills will help him continue to challenge himself and others in the class room.

It is with great pleasure that I give my recommendation for Michael Haley. He would be a terrific asset to your school as well as your athletic department. His experience working with young students and athletes leads me to believe that he is ready for whatever lies before him. He is a unique and talented person with a drive for excellence that dictates his choices in life. He is on his way to not only great individual success, but tremendous growth and potential to impact the community. Please do not hesitate to contact me directly if you have any questions regarding Mick's qualifications or character.

Sincerely,

Suzy Merchant, Head Coach
Michigan State Women's Basketball
